# CABIN RENTALS

Some of our cabins are original "turn-of-the-century" buildings that have been transported to Denali Grizzly Bear and carefully restored. Other cabins are reproductions of authentic Alaska cabins. Each cabin is unique and placed into its own wooded setting. You can drive right to your cabin door.

Relax in a clean, heated cabin with a good bed after your day's adventure in the Park. Breathe in the clean, invigorating air of the surrounding snowcapped mountains as you enjoy some munchies (our general store has a good selection of soda, ice cream, beer, wine, spirits and snacks). Relax and watch the river roll by.

Some cabins have all the conveniences of home, while others are more rustic in nature - no need to worry though, as we have centralized restroom facilities with running water and an easily accessible Laundromat. We want your stay to be as enjoyable as possible. However you choose to spend your time, you're sure to enjoy your stay at DENALI GRIZZLY BEAR RESORT. See details and rates on back.
